Dear Marcus,

Thank you for the chat just now. I had a quick talk with Keiran and Sabhita, so we are printing out a few new Kenya proposals for our Monday/Tuesday meeting with the Kenyattas.

As for Isaac, I'll check with Arielle just now, otherwise I'll get in touch with him today. I believe Arielle's last contact with him was sending through an NDA and introducer's agreement, but I am not sure if they took it further.

Best,

B

I am currently on leave and do not have access to the shared drive, so by chance Arielle can you help Marcus with the NDA and referral agreement in the meantime while we await the brochure?

Kindest regards,

May I ask if there is a set fee or percentage of profits you have already discussed with him? The referral agreement will have to have these terms laid out in order to be legal enforceable.

This is one of the irons in the fire for new defence work, so if you can let Isaac know that we are prepared to assist, we will get you some useful materials shortly. Additionally if he needs to talk this through, we should set up a call with him and Nigel Oakes to take this forward.

With my best,

Okay, good.

A lot of what you're looking for looks like it would need high-level central government sign-off plus some of this is Defence but much is more SCL Social. Tempts me to think an SCL Group document might be better.

Also, please give me an idea of the depth you are thinking.

Naturally,

a lighter summary and list of the kind of things SCL does and has done

would be easier, as opposed to drafting up the kind of in-depth proposal that is usually contingent on firm interest or a clear request.

Hi Marcus,

Happy New Year!

In regards to material required ;

A proposal or write up is what I had in mind. The write up to cover SCL profile and current Kenyan problem statement i.e youth radicalization in Nairobi, Mombasa and North Eastern, terror based on ethnicity and religion, youth radicalization, youth empowerment, community policing/govt support, religious clerics support, elders support, strategies to be used by County govts in security matters involving the community, intel gathering strategies etc..

I believe you guys can give an overview of what Kenya needs and how you can help out.

The write up will serve as an intro as we push for a formal meeting/presentation by SCL to the Govt.

I hope we get to do this as I believe it will have an impact on the ground.

We discussed but did not email other than the ones on this timeline.

Best wishes for 2015.

Dear Sir,
I hope you are fine. Last time we had a fruitful engagement which
led to a meeting with Marcus Beltran of SCL and Orange Democratic
Movement ODM top brass who included the Former Prime Minister's
Permanent Secretary Mohammed Isahakia.
It was truly unfortunate that ODM were too confident and thought
that the services of SCL would best serve them in 2017 elections
when they were already in power. The results of their overconfidence
is well known.
The reason for writing to you the SCL team is that currently Kenya
is suffering from terror related activities which are Islamist led.
When Marcus was in Kenya, I had mentioned to him that SCL could also
help in the Counter radicalization and counter insurgency programs
that SCL Defense offers.
Now more than ever, Kenya needs the services SCL offers. Terrorism
is slowly but surely turning Kenyans against each others. The
episodes in Lamu a few months ago led to profiling of Somali Kenyans
and accusations of the opposition siding with Al Shabaab. Religious
tensions are slowly boiling over.
The average Kenyan is truly helpless. They don't know what to do and
no one is offering guidance. The Police and County Governments are
clueless on what to do. We need expert help.
Areas I believe SCL Defense can help Kenya are;
Defense Consultancy
County Government Security Advisories

Research & Development Tactics
Citizen Awareness & Security Program Development
Counter Insurgency Programs
Counter Radicalization Programs
Obviously the areas of expertise are SCL to offer and advice on.
If you are not already in Kenya doing what I am proposing, I would gladly arrange a meeting of SCL with senior Government officials in either the Internal Ministry or the Devolution Ministry. These officials are at Cabinet level and Principle Secretary levels.
I have already spoken to a member of Parliament who is a very Senior Member of TNA, very close to the President and the Jubilee Coalition and he asked for more information.
If you provide me with a brochure or a write up I can officially push for a formal meeting with the Government and we see if there can be a way forward.
Please consider this request as there is dire need for help in Kenya and the East African region.
I am looking forward to a favorable response from you.
